

## **DECENTRALIZE YOUR ENERGY AND OPERATE IN THE ENERGY FIELD OF THE SERAPHIM**

**To attain the wisdom of a Seraph in this realm is to comprehend energy - decentralized commercial energy.**

We are being offered a chance at redemption. Torah to the Tribes task is not to steal an idea but to plant one.

Any incorporated Municipality, County, State or Country is a Corporation and if that Country is a IMF member then it is a subsidiary of MYSTERY BABYLON INC.

We are being given an opportunity to stay on board the ship upon the seas of commercial chaos or freeing oneself from commercial debt restraints or world wide subjugation!

**Understand the energy of the Seraph, it a an energy field of freedom.**

***4 And the posts of the door shook at the voice of him that cried, and the Bayit 8 was filled with smoke.***

Shaking to its foundation at the seraph's cosmic energy - that is a seraph has decentralized energy - this is key... power of the elements of this world. Moshe demonstrated this power, Elijah demonstrated this power....a cloud of glory is what replaces a veil of deceit...

***5 Then I said, Woe is me! For I am undone, because I am a man of unclean lips, and I live in the midst of a people of unclean lips: for my eyes have seen the Melech,***

Physically impaired, struck dumb, as often when a soul encounters the truth and seen the King...to see the king you must know the king and then you must be as king... asking...stand on your square and protect your queen.

***tzevaoth. 6 Then flew one of the seraphim to me, having a live coal in his hand, which he had taken with the tongs from the altar: 7 And he laid it upon my mouth, and said, See, this has touched your lips; and now your iniquity is taken away from you, and your sin is purged.***

Fear יהוה and He will unveil you and you seek to attain decentralized energy for your life and the life of your descendants.

The burning ember signifies Isaiah who has attained a purified and sanctified state and now deemed holy. The opening of the mouth rite implies the access to the Seraph's decentralized energy field - its PHYSICAL first THEN spiritual, one is impossible to proceed the other...if you think it has it is the distraction, the fakery to keep you connected to the centralized energy field.

This becomes evident as Isaiah is healed.

***8 Also I heard the voice of vuvh, saying, Whom shall I send, and who will go for Us? 10 Then I said, Hinayni; send me. 9 And He said, Go, and tell this people, You hear indeed, but understand nothing; and you see indeed, but perceive nothing. 10 For the levavot of these people are darkened and their ears are heavy, and their eyes are closed; so that they cannot see with their eyes, and hear with their ears, and understand with their levavot, and make teshuvah, to be forgiven and healed. 11 Then said I, vuvh, how long? And He answered, Until the cities be wasted without inhabitants, and the houses without a man, and the land be utterly desolate, 12 And vuvh has removed men far away, and there be a great forsaking in the midst of the land.***

***11 Then said I, vuvh, how long?***

Our lives are spent trying to find a way to "pay our debt" so we can be with our children. i.e leave something for our beneficiaries. The only way back home to the fourth generation is to settle and close claims against our honorable family name or to "pay our debts". But we have no way to pay these debts because we cannot resolve the charges in the public. Thus we are all compelled to go to work for THE UNITED STATES, or whatever corporation your corporate ID no. ties you into in a foreign land - a foreign jurisdiction from the dust of the land realm where our equity lies.

We are taught to work for free - that's slavery from January 1st to April 15th each year - roughly 30% tax. Why do you think April 15th is tax day.? They're mocking us...we get released on probation for the other 9 months but you and your descendants will return every single year for the rest of your generations because you continue to keep your accounts open, you have a revolving slaver account that you leave open for your descendants to deal with. You are all slaves only to be put on probation, just to return in January the next year for lock up.

A Closed account is account to which no further additions can be made on either side, but which remains still open for adjustment and set-off. "We open at the close" because at the closed account is where the window opens for adjustment and set-off occur through your Seraph energy exemption!

Ratification of the 13th amendment.....*Neither slavery nor involuntary servitude, except as punishment for crime whereof the party shall have been duly convicted shall list within the United States, or any place subject to their jurisdiction.*

That's called the exemption clause...why do you think a disproportionate about of blacks are locked up, a 5 -1 ratio that profits off of their unpaid or underpaid labor and energy?

Have you ever heard of convict leasing?

Voluntary servitude is permitted, just don't call it slavery give it any other name but don't call it slavery.

The giant energy corporation represents Mystery Babylon's control over commerce - or all commercial energy. Mystery Babylon is a trust separating the beneficiaries - we the people from our freedom and access to our estates, the wealth the people have created by our commercial energy, signified by our signature.

A public official, represents the trustee power of Mystery Babylon, who has the capacity to make a decision to surrender centralized control to the people or to continue in this capacity as trustee over a one world empire of centralized commercial energy - that which is Mystery Babylon.

The people, are beneficiary's of the Mystery Babylon controlled trust who DO NOT yet have the knowledge or freedom to access their estate or liberty, i.e.- their offspring!

The system is using civil and criminal charges which are ALL commercial in nature, powers under Article 1, Section 8, Clause 3 - the Commerce Clause - the Law Merchant, to bring a debt account against us which we cannot pay in the public to control us and keep us from accessing freedom and to associating with our "*children*" and controlling our future.

A certified child is a dead thing which exists only in the public world. We can get this release from debt and the public Mystery Babylon trust controlling us if we are successful in compelling the Mystery Babylon trustee, to '*decentralize*' our estate - from the centralized control of our commercial energy.

You must master your energy to gain the wisdom to compel them to surrender their control over your estate and discharge the commercial energy on your behalf - *then...when...* you will be free and be able *'to come out of her my people.'*

Your estate is in the *"giant energy corporation"* and decentralization means to return control back to you and your descendants for Millennium RULE and Reign.

I must decentralize my energy, close all accounts on my family estate, so my house will be established for Millennium RULE and REIGN.

We go to the trustees and request they discharge the equity in our estates, getting back our asset currency.

The Anti-Christ will promise to do for you that which only you must do for yourself ...to break up the giant energy corporation and decentralize control of the world's energy market and access your estate. **No one can do it for you or your generations only you can discharge your slavery and decentralize your energy and ascend into a Seraphin's energy field.**

Only the Seraph spirit has the power to convince the trustees and agents for the Mystery Babylon trust that the petitioner is entitled to release from the centralized trust and administer his or her own estate - be the beneficiary of your own labor and energy.

We are supposed to be creditors who take charge of our freedom.

**Long time:**

**Forced time**

**End time:** To move into the arena of *'a burning one'* in these last days we have to learn to veil ourselves - be the grey man, living in the private, concealing our location-remove our name off of everything in the public. Fly about - to move unrestricted in our newly decentralized energy, to travel freely!

***13 But yet in it shall be a tenth, and they shall return, and shall be eaten: as a pistachio eytz, and as an oak eytz, whose stump remains, after they cast their leaves: so the kadosh zera shall be the stump. break them open for ourselves, and set our own melech the son of Taveal in their midst, 7 This says the Master vuvh, It shall not stand, and neither shall it come to pass. 8 For the head of Aram is Dameshek, and the head of Dameshek is Retzin; and within sixty-five years shall Efrayim be broken, that it will be Lo-Ami, not a people. 9 And the head of Efrayim is Shomron, and the head of***

***Shomron is Remalyah's son. If you will not believe Me, surely you shall not be established. 10 Moreover vuvh spoke again to Achaz, saying, 11 Ask an ot 15 from vuvh your Elohim; ask it in depth, or make the request highly difficult. 12 But Achaz said, I will not ask, neither will I test vuvh.13 And Yeshayahu said, Hear now, O Beit Dawid; 18 Is it a small thing for you 19 to weary men, 20 but will you weary my Elohim also?***

The “holy offspring” left standing - a tenth of the tenth - compares to the pistachio or oak that can renew itself when cut down. One one who fells the tree is the king of Assyria יהוה s axe and saw.

There will be a tenth of a tenth who will redeem themselves from the centralized energy of Mystery Babylon and be able to continually renew themselves and their generations throughout the millennium because they will have accessed decentralized energy field - attained their estate, able to discharge any charge and renew themselves and their posterity forever.
